

# BUDGET WORKSHOP SCHEDULE 2008

All Workshops are scheduled in the Council Chambers  
and begin at 6:30 p.m.

Below are dates for upcoming budget workshops. At 6:00 p.m. before each meeting, the Department Head and I will be at the building in which the Department is housed to give Councilors, and any members of the public who wish to attend, an opportunity to do a twenty-minute preview of the structure prior to reviewing the new budget requests. The property review will begin promptly at 6:00 p.m. so that the group can continue on to the Council Chambers where the workshops will begin promptly at 6:30 p.m.

If Councilors are unable to attend at 6:00 p.m. but wish to tour the building before the workshop, the Department Head or I will be happy to schedule an individual tour time.
