Date: December 30, 2025

To: All Authorized Commercial and Residential Trash Haulers
From: Mid Maine Solid Waste Association (MMSWA)
Subject: Implementation of Tipping Fees Beginning February 1st 2026

Dear Haulers,

The Mid Maine Solid Waste Association (MMSWA) is writing to inform you of an upcoming change in our disposal policy. Beginning early in 2026, MMSWA will implement a tipping fee of **\$100 per packer truckload and \$10 per pickup or trailer load** of Municipal Solid Waste (MSW) delivered to our facility.

This policy change is necessary due to the increasing costs of waste disposal, transportation, and maintenance of existing equipment. Since MMSWA's establishment in 1990, haulers have not been required to pay tipping fees; however, current economic conditions make this adjustment essential to sustain reliable and efficient waste management services for our member communities.

Tipping fees will apply to each load of MSW delivered from the following authorized member towns:

- Dexter
- Exeter
- Saint Albans
- Corinna
- Guilford
- Cambridge
- Ripley
- Sangerville

Please note that MSW originating from any town not listed above constitutes a violation of MMSWA policy and will not be accepted at our facility. Penalties could be loss of tipping privileges for 30 days. Second offense may lead to banning from facility.

MMSWA will issue monthly invoices for tipping fees to each hauler based on the number of loads delivered during the billing period. Payment terms and due dates will be specified on the invoices.

We appreciate your cooperation and understanding as we implement this necessary measure to maintain the quality and sustainability of our operations.

If you have any questions or need clarification, please contact the MMSWA office at 207-924-3650 or at gregg.mmswa@gmail.com.

Thank you for your continued partnership and service to our member communities.

Sincerely,

Greg Hathaway
Superintendent
Mid Maine Solid Waste Association
